December 15, 2014

The County of San Diego is pleased to announce the release of the proposed Final Program Environmental Impact Report (FPEIR) for the Soitec Solar Development Project. The Soitec Solar Development Project includes the analysis of two projects (Rugged Solar and Tierra Del Sol Solar) at a project level and the analysis of two projects (LanWest and LanEast) at a program level.

The project was advertised for public review from January 2, 2014 to March 3, 2014. A considerable number of public comments were received and considered. It is anticipated that the County Planning Commission will hear this item on January 16, 2015 followed by consideration by the Board of Supervisors.

The proposed FPEIR can be viewed at the following website: <http://sdcounty.ca.gov/content/sdc/pds/ceqa/Soitec-Solar-EIR.html>. If you wish to review a hardcopy of the proposed FPEIR, or obtain a compact disc (CD) version of the document, you may do so at the Zoning Counter located at 5510 Overland Avenue, Suite 110, San Diego, California 92123.

For any questions related to this project, please contact Ashley Gungle at 858-495-5375 or by email at Ashley.Gungle@sdcounty.ca.gov.
